

WATERPROOF LASERS (Pro Series)

OUTDOOR WATERPROOF RGB MOVING HEAD LASER 60W/50W

Lightful researched and developed the first high-power outdoor moving head light, IP65 protection level, sweeping away the vacancy of outdoor moving head laser light. The high laser power can challenge the application of various large venues.

The X axis is 540 degrees, the Y axis is rotated at 270 degrees, and the laser effect is scanned in 360 degrees, adding highlights to outdoor light shows and real scene shows.

Self-developed DMX 512 control system, rich in built-in materials, XY precision motor control, make the laser light shake up.

Model	Description	Configuration
ANILAZO-MH-RGB60	60W RGB Outdoor moving head laser	R635-16W/G525-18W/B455-26W
ANILAZO-MH-RGB50	50W RGB Outdoor moving head laser	R635-14W/G525-16W/B455-22W
ANILAZO-MH-GREEN30	30W Green Outdoor moving head laser	R635-8W/G525-10W/B450-12W

PRODUCT PARAMETERS

- Rated voltage: AC100~240V 50/60Hz
- Power consumption: ≤1200W
- Scanner: 40kpps landmark scanner scan angle: Max#30°; Input signal: \$5V: Linearity distortion <2%)
- Modulation: analog
- Beam diameter and divergence: 8*6.5mm; 1.2mrad
- Control mode: automatic/DMX512(6CH/15CH/27CH)/master-slave/ethernet
- Control interface: Waterproof DMX512 interface, waterproof ethernet
- Rotation: X axis 540° Y axis 270°
- IP rate: |P65 (outdoor)
- Application: cityscape, architectural landmark, laser show, advertising etc.
- Size: 68*62*88cm
- N.W./G.W.: 105kg/135kg
