

PIXIWAR LED COIN

www.lbtpro.com / info@lbtpro.com

- SMD RGB 3535
- DC24V
- 30mm Size
- 120° View Angle
- IP67

Description

This LED Pixel Light is designed for architectural Facade, bridge and so on. We used Top Brand Glue for better heat conduction, strong temperature withstand and perfect waterproof performance

High-Brightness IPX6 SMD LEDs are assembled in this DMX Coin.

White Color (2200K-6500), RGB and RGBW color are available.

Apply solid capacitor and other good brand components on PCB for long life time. Save 40% power with more efficient power management design.

With wide voltage range design, LED color always keep same brightness after long distance power supply.

Standard DMX512 control protocol(Max 44frames/second).

Size - 30mm	Colour - RGB
LED - SMD RGB 3535	LED Qty. : 8
View Angle - 120	Voltage - 24VDC
Power - 1.5W	Control - DMX512
Address Setting - Auto	DMX Channels - 3
Housing Colour - Black	IP - IP67
