Striker I Batten 10wx18

I BATTEN is featured for its independent pixel control function that can be controlled separately and is ideal for any kind of application including outdoors settings with an IP65 protection rate. It builds in 18pcs 10W RGBW 4in1 high brightness LEDs, 50000 hours long life. 25°/ 40° beam angle(Optional), support RDM (remote device management), Art-Net, SACN protocols, variable dimming curve modes, strobe effects, waterproof 3pin DMX, Power Cables and Cat5 in/out. LED menu display with 4 button control panel, rugged die-cast aluminum exterior, flicker free operation for TV and FILM. 200W input power, and a multi-voltage universal auto switching power supply (100-240v)

Independent Pixel Control

Total 18pcs LEDs can be controlled separately , create multi unprecedented effects.

Supports RDM/Art-Net/sACN

Fully support RDM/Art-Net/sACN protocols.

10W 4-in-1 RGBW LEDs

18pcs 10W high brightness LEDs, 50,000 Hour Average LED Life.

IP65 fully waterproof

IP65 fully waterproof, suitable for any indoor outdoor environment, working temperature from -20°C to +40°C.

Fan-less design, No Noise.

Aluminium housing, fan-less design, nature cooling, no noise.

Specifications

Item Number - I BATTEN 10W x 18

Body Material Aluminium alloy die-casting structure

Product size 1000mm × 59mm × 116mm

Voltage AC100-240V 50/60Hz

Input Power 200W

Lamp Type 18pcs x 10W LEDs

Average Life Span 50,000h

Colour System 18pcs RGBW 4 in 1

Colour Temperature 2700K~8000K

Control Channel 9/23/72 control channel modes

Control Mode Standard DMX512, Master/Slave control mode, Sound

Active, Auto Run, Art-NET/RDM/sACN

Menu Display LED display

DMX Signal Connection 3-pin XLR In/Out, In/Out Cat5

Beam Angle 25°, 40°(Optional)

Working Temperature -20-40°C

IP Rate Ip65

Package 1pc/carton

Packing Size 1060mm x 2450mm x 200mm

N.W/G.W 7kg/ 8kg
